The Highest Quality & Most Versatile Shelving System In The Market!

Parts Department & Storage Solutions

Shure Manufacturing Corporation
www.SHUREUSA.COM
Shure dates back to 1910 when Richard C. Richardson and a partner operated an architectural sheet metal workshop in St. Louis, Missouri. In 1920, Richard’s son, Joseph A. Richardson, joined his father as a sheet metal craftsman. He later became a registered professional engineer and industry leader.

In the early 1930’s, Joe joined Anheuser-Busch where he worked on the fabrication of metal ice cream cabinets and beer dispensing boxes. In 1938, Joe and a friend leased a Texaco service station. The business taught Joe how to best merchandise and sell tires, batteries, accessories and automotive service. The sideline business later formed the basis for the direction of Shure Manufacturing Corporation.

In December 1941, Joe joined with Samuel J. Shure in St. Louis to start a metal working shop. As World War II began, the company focused on war related products such as airplane parts, fire extinguishers and stove cabinets. After the war, Joe relied on his automotive experience when he was asked to assist another St. Louis company in filling a contract for General Motors. Samuel and Joe were given an order to manufacture high-quality, enamel finished workbenches, cabinets, merchandise displays and desks for General Motors dealer service centers.

Eventually, Shure began to assist national accounts, such as Shell Oil Company, Texaco Inc., Conoco Inc., Firestone® and Chrysler® to supply their retail sales and shops with productive and image related merchandising furniture fixtures and cabinetry. Shure supported and continues to support independent automotive and equipment distributors, as well as national account programs.

While Shure’s focus on the automotive industry has not changed, the industry has changed dramatically. Through the years, Shure’s product lines have developed and expanded into new markets, to include a full line of workbench systems, storage cabinets, tool storage cabinets, cart systems, tire service equipment and various shop equipment, as well as shelving and storage solutions.

As a third generation family owned and operated company, Shure’s personal touch continues to be the hallmark for customer interaction.

GREAT PRODUCTS AND GREAT PEOPLE...THAT’S THE Shure DIFFERENCE!

Shure Manufacturing Corporation has been a proud manufacturer of shop equipment since the 1940s. Shure designs, engineers and manufactures high quality professional workbenches, tool storage, shelving and storage solutions, transmission benches, technician carts, parts department equipment and various shop equipment. Shure’s state-of-the-art manufacturing facility is located in Washington, Missouri and features laser precision cutting equipment, computerized fabrication equipment all with a high-tech powder paint line.

Additional Products & Models Are Available.
EQUIPMENT WARRANTY

Shure Manufacturing Corporation extends to the original purchaser of Shure products, a lifetime warranty against manufacturing defects in material and/or workmanship. If it is determined that a product, part or component is defective due to manufacturing defects in material and/or workmanship, it will be repaired or replaced at Shure’s discretion. It is expected that the products are destined for their intended purpose under normal workplace conditions. Products that have been subject to abuse, misuse, negligence, have been damaged in shipment, storage or installation, have been used outside of their intended purpose or have been modified in any manner, will void this warranty. Shure’s standard 13 month warranty will apply to all purchase parts and components including, but not limited to, gas shocks, locks, keys, door hinges and other various components. This does not include the cost of any labor or other costs incurred pertaining to routine service, maintenance, installation, removal, replacement, shipping or handling of any defective replacement parts or complete units. This warranty is exclusive and exists in lieu of all other warranties, either expressed or implied. All claims for warranty service must be submitted in writing. Provide a copy of your purchase record and write a detailed description of the warranty problem.

TERMS AND CONDITIONS

PRICES & CONDITIONS

The prices & specifications shown herein are subject to change without notice, except when covered by specific contracts. Prices in effect at time of shipment will apply. Ontime, color, availability, and final size may be subject to change. For a complete description of your order, please refer to the Shure order form, the price list, and the shipping and handling schedule. All prices are subject to change without notice. Shure reserves the right to make changes in design or specifications of products to conform to patent rights without incurring obligations to make such changes in products previously sold.

QUOTATIONS

All quotations are informational only & do not constitute a contract. Prices are based upon our understanding of your requirements & specifications.

TAX

Federal, state and local sales and use tax will be charged where applicable unless your tax exemption certificate is furnished to us.

CREDIT TERMS

Regular billed terms of sale are cash in advance. However, a customer’s credit rating or credit experience may be satisfactory for open account transactions. New customers wishing to place an open account should submit a credit application with the most recent audited financial statement & four current trade references. Contact Shure to determine whether accounts will be placed on these terms. Allow sufficient time for the trade references to be checked. Shure reserves the right to require additional security or complete payment prior to shipment. Shure’s quotation is valid only as outlined in the deposit requirements. Trade orders are non-cancelable after production has begun & are non-refundable. Shure’s sales quotations outline the advance payment requirements.

INTERNATIONAL CREDIT TERMS

Due dates are subject to change without notice. International shipments require full payment in advance of shipment unless otherwise negotiated & agreed to by Shure.

SHIPMENTS

All shipments are made F.O.B. Shure Manufacturing Corporation, 1901 West Main Street, Washington, IN 46794. Transportation charges will be prepaid & added to your invoice unless otherwise requested & agreed upon. A service charge of $10.00 will be added for all prepaid shipments. At times it becomes necessary to back-order items to assure prompt service. We do not assume responsibility for extra transportation charges. All shipments include the necessary hardware to completely assemble each unit.

CANCELLATIONS

Orders canceled after being entered &生产工艺 subject to cancellation charge. Canceled orders are not refundable.

TITLE & RIGHT OF LOSS

Title & risk of loss passes to buyer upon delivery of the goods at the delivery point. As collateral security for the payment of the purchase price of the goods, buyer hereby grants to Shure a security interest in all of the right, title & interest of Buyer in & under the goods, wherever located, whether owned or held as a bailee, prior to the satisfaction of all of the liens, security interests, claims, encumbrances, or other charges which may attach to the goods.

RETURN SHIPMENTS

Returns will only be accepted without written authorization from the company. Returned merchandise is subject to a minimum 15% handling & restocking charge, plus necessary repair and/or refunding costs. No cash refunds. Repairments will be given as credit to customer's account. All return shipments must be shipped freight prepaid.

DAMAGED SHIPMENTS

All damaged products will be carefully & securely packed in accordance with carrier requirements. The receipt of our merchandise by the transportation company indicates Shure's responsibilities. However, for your protection, before accepting any shipment, examine it carefully. If there is evidence of damage or shortage, insist that the delivery carrier prepare a detailed report to that effect on the freight bill before signing. If damaged goods are shipped by contract freight, it is the carrier's responsibility to inspect the goods before signing the receipt. If damage is evident, insist that the delivery carrier complete a report and sign it indicating the damage. In a case of damage, shortage, loss or delay, the carrier must be notified within 7 days of receipt of shipment. Shure reserves the right to refuse the delivery.

ORDER DELAYS

Any order that production has begun may be subject to warehouse storage fees.

CUSTOMER INITIATED ORDER CHANGES

Customer initiated order changes will be charged a case-by-case basis to determine the feasibility, allowable additional charges, and whether or not manufacturing lead time extension is required. Contact Shure Customer Service with any questions regarding order change.

INVOICE PAYMENT

Shure invoices are payable in US Dollars.
